ACADEMIC QUALIFICATION

Bachelor of Engineering (B.E.)

2022 – 2026

Thakur College Of Engineering and Technology - CGPA – 9.47

Higher Secondary School Certificate (H.S.C)

2022

Matoshree Prabodhini College of Science – 69.83%

Secondary School Certificate (S.S.C)

2020

Saraswati Vidyalaya High School – 91.80%

COURSEWORK / SKILLS:

- **Language:** Java, Python, HTML, CSS, JavaScript
- **Frameworks & Libraries:** Tailwind CSS, React.js, Node.js, Express.js
- **Database:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code, Postman
- **Knowledge:** Full Stack Development, Data Structures & Algorithms, User Authentication, API Integration

PROJECTS:

Study Notion – An EdTech Platform (*MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Cloudinary, JWT*)

- Built a full-stack platform for course creation, purchase, and consumption with role-based access for students and instructors.
- Integrated Razorpay for secure payments and Cloudinary for media (video, images, PDFs) uploads.
- Designed responsive UI with Tailwind and implemented protected routes and dashboards using React.
- Enabled real-time course progress tracking, reviews, and enrollment analytics

Subscription Tracker App (*MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS*)

- Developed a full-stack app to manage and track user subscriptions with secure authentication and CRUD operations.
- Implemented JWT-based protected routes and session handling for user login, signup, and data security.
- Designed a responsive and clean UI using React and Tailwind CSS for seamless user experience.
- Added renewal alerts and real-time updates to help users monitor upcoming subscription deadlines.

Weather App (*HTML, CSS, JavaScript, OpenWeatherMap API*)

- Built a responsive weather app that fetches real-time weather data using OpenWeatherMap API based on user input.
- Displayed temperature, humidity, wind speed, and location-specific conditions with intuitive visuals.
- Implemented error handling for invalid inputs and dynamic DOM updates for better interactivity.
- Optimized layout for both desktop and mobile using CSS media queries and clean UI design.

INTERNSHIP:

Cognifyz Technologies | Frontend Developer

1 Month

Gained practical experience in front-end development by building responsive, user-friendly web pages and implementing interactive UI components using HTML, CSS, and JavaScript.

CO/EXTRA-CURRICULAR ACTIVITIES:

Actively participated in the Rotaract Club of TCET, contributing to technical and community-driven events that fostered leadership and teamwork skills.

HOBBIES:

Cricket, Badminton, Writing Movies Analysis Online
